OCEANFRONT

WEALTH INC.

EXCITING CHANGES ARE COMING

With the Fall season now upon us, we are excited to announce our new group of fully independent companies, **OceanFront Wealth Inc.** and **OceanFront Investment Counsel Inc.**

After decades of working with families who are important to us, we determined having autonomy over the work we do, and the services we provide, was our top priority. This change allows us that freedom and we are excited to share the next chapter of our firm with you as we pave our own path towards the future.

None of this would be possible without your continued trust and confidence, we cannot thank you enough.

***"The future is not something we enter,
the future is something we create."***

Leonard L. Sweet

A NEW BABY!

The OceanFront family is thrilled for the new addition!

Welcome
Baby
Ethan!

Nisha, Matt and baby Ethan.

In addition to the exciting news, **we'd like to congratulate Matt and his wife Nisha, on the birth of their beautiful baby boy, Ethan Evans Cameron.** This is a moment to celebrate and cherish, and the OceanFront family is thrilled for the new addition!

Matt described the birthing process as "a bit traumatic" as there were doctors and nurses rushing everywhere but that it was a huge relief when both Ethan and Nisha were safe and sound. When asked about how the parent life has been, Matt said that he has "given up on sleep" (but he may be exaggerating). Ethan makes it all worth it as he is a bubbly baby who is super cute, playful, and loves to laugh. He gets excited over the littlest of things and brightens the day with his adorable smile. Also thankfully, there were no huge lifestyle changes needed as the pandemic had already forced them to stay in at home!

One thing that Matt is looking forward to doing together with Ethan when he is older, is going on water-slides! **Matt was a lifeguard once upon a time and has taught many how to swim;** he wants to help Ethan master the waters as well and explore water parks together!

We also asked Matt to share a piece of advice he plans on using to teach and motivate Ethan as he grows:

"Hard work beats talent when talent doesn't work hard."

Tim Notke

Matt also laughed and commented on how **he's secretly hoping that Ethan will be a genius baby,** not so secret anymore! Being a parent is serious business so good luck to Matt and Nisha, and we look forward to hearing more stories about Ethan as he grows.

Nisha and baby Ethan.

Scott and Arleigh at Smugglers Cove.

They first met while backpacking in 1996!

18TH WEDDING ANNIVERSARY

"There are always new things to explore and learn with your partner – the adventure is always there if you choose to take it, nothing can stop you!"

Scott Keast

Speaking of family, **Scott and his wife Arleigh celebrated their 18th Wedding Anniversary** on a getaway at Smuggler Cove on the Sunshine Coast this summer. As you can see in the photo, it's a very beautiful location with a lovely lagoon. The trip there required them to travel by boat and stay on it overnight. This meant that they had to figure out how to set the anchor and learn how to do a 'stern tie' to secure the boat after anchoring. This was certainly one of the major moments where they tested each others' waters...but nonetheless, they ran through the motions and kept the challenges at bay! They also made a day trip to Thormanby Bay to visit some friends; who asked, "What would the 18th anniversary gift be?" They answered "Prawns!" Thankfully, Scott and Arleigh were able to successfully catch a bunch to feast on. Scott said that when it comes to prawns, "it's all about the dips!" He recommends trying them boiled with seawater and dipped into chili oil for a nice, tasty kick. Prawns on deck? It can't get fresher than that!

One important aspect in life Scott and Arleigh share is their love for travel and adventure and this trip was a great reminder of the adventurous spirit they share together. The pandemic pushed them to learn how to be dynamic and find ways to reinvent themselves; pushing them to find new pathways to explore the "essence of adventure".

When asked about their next trip, Scott mentioned that it would be amazing to be able to go to Turkey with Arleigh again as that was where they first met while backpacking in 1996! He is also hoping to visit Patagonia, go skiing in Hokkaido, exploring more of New Zealand, and camping again in Iceland. It is so exciting just hearing these ideas; **we will keep our fingers crossed for travel restrictions to be lifted as soon as possible** so we can all embark on new journeys! Cheers to Scott and Arleigh for their wonderful 18 years of marriage and many more to come!

Kayla enjoying a wheel cake.

The egg yolk crusted crab is Edmonds Fave!

RICHMOND MARKET

Now we all must be itching to travel and explore but it does not always have to be across the world or way out of town. Being lucky enough to be surrounded by so much diversity in cuisines available, we could travel through our tastebuds!

Edmond, our foodie expert, and his family took a trip to the Richmond Market --- where they explored and tasted multiple delectable dishes. They started off their adventure with **freshly steamed shrimp and beef rice rolls, crispy and chewy youtiao** (Chinese fried dough sticks), and lightly sweetened cup of soy milk to share (all from Hei Hei Rice Roll). These dishes are very classic Chinese breakfast items that won't let you down.

Later in the trip, they also got crab in two ways; egg yolk crusted, and soy sauce based (from Wonder Wok) – the egg yolk crusted one was Edmond's favourite. It doesn't stop there though! Edmond and his family also grabbed some classic milk tea (from Hong Kong Cafe) and yummy wheel cakes (from Peanuts)! You can see **sweet Kayla enjoying the chocolate flavour** in the photo. These wheel cakes are crispy on the outside and warm and gooey on the inside, providing you with texture and flavour complexity – there are ten flavours to choose from. A 'wheely' great way to satisfy that sweet tooth!

Thanks to Edmond for sharing some great recommendations and we look forward to hearing about future food adventures!

THANK YOU

Staying involved and connected is important to us at OceanFront, especially amidst the uncertain times we are in. **We diligently take safety precautions for the team and our clients** - to protect each other and our families to ensure that everyone stays safe and healthy.

We hope you enjoyed getting to know some of team members better in this edition and **we look forward to connecting with you** in the next one.

Thank you sincerely and cheers to the future we create together!
